Your Local West Michigan Waste & Recycle Service

We are SO excited to kick off Fall here at Arrow, spending time in many of the communities we service via parades, chamber events, touch-a-truck's, area small business customer events, church parties, & many more - West Michigan absolutely knows how to celebrate the autumn season in style (regardless of how fleeting it may be)! Upholding Arrow's company core value of *staying true to our family-owned roots by keeping it local & simple*, feels right (& SO good!) Please continue to sign-up for automatic or online/paperless bill-pay via our company website/the QR code to the right ; *Also of note, your current statement may reflect a small price adjustment.* We're so glad you CHOOSE to be here, with us - Thank you for doing so!
